General Remarks:

1. This conformity assessment is limited to the essential requirements of the Radio Equipment Regulations. Only products fulfilling all essential requirements of all applicable new Radio Equipment Regulations may be placed on the market and put into service.
2. Products in compliance with all provisions of the Radio Equipment Regulations for the UKCA marking must bear this marking.
3. The manufacturer shall take all measures necessary so that the manufacturing process and its monitoring ensure conformity of the manufactured radio equipment with the approved type described in the Attestation of Compliance and with the requirements of Radio Equipment Regulations 2017 that apply to it.
4. This device also contains frequency bands that are not operational in GB market. Only the frequency bands used in GB market have been assessed for this attestation.
5. The manufacturer shall draw up a written UK declaration of conformity for each radio equipment type and keep it at the disposal of the national authorities for 10 years after the radio equipment has been placed on the GB market. The UK declaration of conformity shall identify the radio equipment type for which it has been drawn up. A copy of the UK declaration of conformity shall be made available to the relevant authorities upon request.
6. This Attestation will not be valid if the manufacturer makes any changes or modifications to the approved equipment, which have not been notified to, and agreed with LCS LAB.
